

ENVIRONMENTAL AND PRODUCT SAFETY DATA SHEET

Product

Cruet Set Pepper/Salt

Material

GPPS (holder and base)

PE (top)

Pepper (0,3 g)

Salt (2,4 g)

Packaging

Inner: Polyethylene (PE)

Outer: Corrugated board box

Field Of Application

The products are aimed for spicing up food.

EC Directive 94/62/EC on Packaging and Packaging Waste

The packaging complies with all essential requirements as defined by 94/62/EC.

For example minimum adequate amount of packaging, limitation of heavy metal content, recyclable through at least one of the following: reuse, material recovery, energy recovery or composting.

Environmental Aspects**Product**

GPPS (General Purpose Polystyrene) is made by refining of mineral oil or natural gas. The polymer consists simply of carbon and hydrogen.

Packaging

The polyethylene (PE) is manufactured from fossil sources.

The corrugated board box is made from wood, which is a renewable resource.

Product Safety

The products fulfil the following:

- EU Regulation 10/2011/EC with amendments
- EU Regulation 1935/2004/EC
- EU Regulation 2023/2006/EC
- Migration tests on the article material performed by an independent institute showed that under appropriate test conditions, overall and specific (when relevant) migration falls considerably below the limit given by regulation 10/2011. (For further details, see *Declaration of Compliance*).
- Duni manufacturing units are certified according to the international quality system ISO 9001. They have also implemented the environmental management system ISO 14001.

Management Of Used Products**Recycling**

Recycling of the plastic and the corrugated board is possible for producing new products. Check with the local recycling company.

Energy Recovery

All the materials are suited for energy recovery. Complete combustion gives mainly rise to carbon dioxide and water. The energy content of plastics/paper is comparable to that of oil/ wood.

Validity

This is a copy of a document issued 2021-10-01. It is normally updated every second year or when there is a change in the manufacturing process, in the product or in legislation. To make sure that you have the latest edition, contact Duni AB, Quality Department.
